

Wichita Black Nurses Association

President & Chief Executive Officer,
Peggy Jones-Foxx, LPN, BA, MAJ
Elected January 2022, welcomes the
opportunity to serve in this capacity.

The WBNA was established in 1973 by
Founder Ms. Frankie Manning. There were
15 Charter members, and Ms. Alice Tolbert
was the first Black Nurse to serve as our
President. We are a Chapter of the National
Black Nurses Association, which has over
200,000 Black Nurses and 115 Chapters.

Community Service Is Our Mission

Leveling Up

MEMBERSHIP

To become a member of the WBNA you may call the number listed on this brochure, or apply online through the National Chapter at www.NBNA.org, and for more information. You may check out our Social Media platforms on Facebook, and Instagram.

MEETINGS

The WBNA holds monthly General Board Meetings on the Third Tuesday of each month.

PURPOSE & DIVERSITY STATEMENT

We are a Charitable Nonprofit Organization (501c3). Our Purpose is Compassionate Care, Leadership, and Advocacy in our community. We embrace and welcome all people. We are committed to advance diversity and inclusion in all areas of service. #Bornthisway

OUR PHILOSOPHY & MISSION

Provisions for the enjoyment of optimal health is the birthright of every American. Major health interest groups and governmental agencies believe this and have acted upon it. Black Americans, along with other people of color in our society, are by design or neglect excluded from the means to achieve the health of most mainstream Americans.

CHANGE AGENTS

Therefore, as Black Nurses we have established a local Association to investigate, define, and determine what are the most serious health care needs of Blacks and other people of color in our community.

COMMITMENT

This Association is dedicated to the implementation of health care programs consisting of prevention, education, and follow-up care for the maintenance of an optimal level of health.

I am no longer accepting the things I cannot change; I'm changing the things I can no longer accept.

- Angela Davis -
